PREFACE

By compiling this little »lightning calculator« of paper weights & scales, I feel sure I am supplying a long-felt want amongst paper-manufacturers, stationers, and export-merchants.

It is the universal custom of continental papermakers to quote the price of a paper on the basis of so many grammes per squaremetre and a tremendous lot of time is wasted in transposing the English lbs per ream into gramme-weights & vice versa. This calculating-table contains the gramme-weight of all standard-sizes and also of a great number of the irregular sizes and by employing same it will be a moment's work to find the corresponding weight in lbs. per 480 & 500 sheets of almost any size. I have also worked out the actual gramme-weights of a great many weights, which frequently occur and thus most calculations are done away with. In addition to be a weight-calculator there will be found tables for turning kilos into lbs. & vice-versa, a table showing the equivalent prices per lb, cwt. and ton, etc., all of which I feel sure will be found very useful.

Most of the calculations have been done by means of a calculating machine and they have been most carefully checked.

In recommending the »lightning calculator« to the favor of the paper-trade I beg to add, that should any mistakes be discovered in the tables I should feel obliged to the reader for pointing same out and all suggestions tending to improve the calculator will be gratefully received.

Oslo 1931.

Joh. H. Aanensen.

INDEX

Table	Page
1. Gramme-weights of reams of 480 sh.	1—17
2. Gramme-weights of reams of 500 sh. ...	18—37
3. Comparative weights in lbs. & kilos	38
4. Comparative weights in kilos & lbs.	39
5. Equivalent weights of reams of 480, 500 & 516 sh...	40
6. Inches into centimeter	41
7. Centimeter into inches	41
8. Comparative prices per lb., per cwt. and per ton . . .	42—44
9. Grammes per square meter into lbs. per ream of 480 sh. Double Crown	45
10. Grammes per square meter into lbs. per ream of 500 sh. Double Crown	45
11. Weight of one ream Double Crown 480 sh. into grammes per square meter	46
12. Weight of one ream Double Crown 500 sh. into grammes per square meter	46
13. Comparative thickness of boards	47
14. Machine widths.....	48
15. Standard names and sizes	49
16. Shillings and pence in comparative decimals of pound	50
